We will give prompt and serious attention to any concerns that customers may have. Any concerns will be dealt with professionally and promptly to ensure that any issues arising from them are handled effectively and to ensure the welfare of all attending Within The Wood sessions. We also want to enable ongoing cooperative partnership with customers and to continually improve the quality of the setting. We have a formal procedure for dealing with complaints where we are not able to resolve a concern. Where any concern or complaint relates to child protection, we follow our Safeguarding and Child Protection Policy.

Internal complaints

Stage 1

If any customer should have cause for concern or any queries regarding the they should in the first instance take it up with the session leader.

Stage 2

If the issue remains unresolved or customers feel they have received an unsatisfactory outcome, then they must present their concerns in writing as a formal complaint to the directors. The directors will then investigate the complaint and report back to the customer within 5 working days. The director will document the complaint fully and the actions taken in relation to it. (Most complaints are usually resolved informally at stage 1 or 2.)

Stage 3

If the matter is still not resolved, Within The Wood will hold a formal meeting between the director, customer and a session leader to ensure that it is dealt with comprehensively. Within The Wood will make a record of the meeting and document any actions. All parties

present at the meeting will review the accuracy of the record, and be asked to sign to agree it and receive a copy. This will signify the conclusion of the procedure.

Stage 4

If the matter cannot be resolved to their satisfaction, then customers have the right to raise the matter with Ofsted or the Ombudsman, depending on the nature of the session that was delivered (i.e. a corporate event, Forest School, private party with adults, etc). Parents of children attending Forest School or Holiday Camps are made aware that they can contact Ofsted at any time if they have a concern, including at all stages of the complaints procedure, and are given information on how to contact Ofsted. Ofsted is the registering authority for childcare providers in England and investigates all complaints that suggest a provider may not be meeting the requirements of the settings' registration. It risk assesses all complaints made and may visit the setting to carry out a full inspection where it believes requirements are not met.

A record of complaints will be kept at Within The Wood. The record will include the name of the complainant, the nature of the complaint, date and time complaint received, action(s) taken, result of any investigations and any information given to the complainant including a dated response.

Customers will be able to access this record if they wish; however, all personal details relating to any complaint will be stored confidentially and will be only accessible by the parties involved.

Ofsted inspectors will have access to this record at any time during visits to ensure actions have been met appropriately.
